

SOLAR INTEGRATED ROOFING CORP. COMMENTS ON RECENT TRADING ACTIVITY

SAN MARCOS, CA,-- August 4, 2016 - Solar Integrated Roofing Corp. (OTC PINK: SIRC) ("Solar Integrated Roofing" or the "Company"), a California-based integrated solar and roofing installation company, today commented on the recent trading activity in its stock. There has been an uncharacteristically high volume of trading in the Company's common stock on August 2 and 3, 2016. This has caused the Company's management to believe it necessary to advise our investors that this high volume was not the result of any trading activity by the Company or its management or members of the board of directors.

David Massey, Chief Executive Officer of the Company, stated, "As we have stated in prior press releases and interviews, the Company continues to experience record sales growth, with anticipate revenues increasing at a rate of \$1 million per quarter, meaning a 2016 annual revenue of \$14 million. We are thrilled with the current growth trajectory of the Company, both organically and through the two accretive acquisitions we've made thus far in 2016."

The Company will continue to keep the market informed as required but does not intend to make any further comment or release regarding market speculation.
